Hahnemann College of Homeopathic Medicine

## **Highlights of Qualifications**

- 40 years of clinical practice in integrative holistic chiropractic medicine.
- Expertise in conducting herbal and natural products research.
- Professional herbal products formulator since 1981.
- President and Director of Research, PRL corporation
- Educator to health professionals since 1982 in the area of wide-acting (e.g. immune enhancing) herbal therapies.
- Invented a new form of mind/body therapy in 1999 which relies on use of the bio-energy of UNCUT flower essences to impart change to the subconscious mind. This process was patented in 2000 and 2001.
- Co-founded HeavenSent Enterprises LLC in 2017 for the vertically integrated production of breakthrough industrial hemp phytocannabinoid-rich extracts, produced in an artisanal manner to set a new standard for bio-energetic integrity and enhanced therapeutic response.

## **Professional Experience & Accomplishments**

- Private full-time general practice from 1978-1988 in which herbal, nutritional, and homeopathic remedies were combined with chiropractic structural therapeutics to enable faster curing of chronic "diseases of civilization."

- Completed the 100 hour certification course in Applied Kinesiology in 1978, and have served as a teaching assistant in three such courses since. Have lectured regularly at the annual meeting of the International College of Applied Kinesiology.
- Completed post graduate training in Bio Energetic Synchronization Technique (BEST), a form of energetic therapy where specific methods of touch balance the magnetic quadrants of the body, and facilitate healing.
- Founded Wildwood Botanics Co. in 1981 which evolved into P R L, Phytotherapy Research Laboratories, Inc., which continues successfully today as Forest Center Herbs ([www.ForestCenterHerbs.com](http://www.ForestCenterHerbs.com)), manufacturing and supplying herbal products to over one thousand health professionals in the U.S., Canada, and Europe.
- Part time clinical practice 1989–present.
- In 1988 founded a California non–profit, tax–exempt, public benefit organization called the Foundation For Herbal Healing & Conservation (FHHC.) For six years FHHC was involved in a landmark study of the potentially valuable food and medicine crops on a twenty thousand acre research site in a remote Peruvian tropical forest/jungle. Research discovered leading edge new products for commercial enterprises to develop, while at the same time showing them how to conserve precious natural resources.
- Presented original herbal research findings at the International Congress on Phytotherapy, September 10-13, 1992, Munich Germany; attended by the world’s leading academic researchers in the field of biologically active herbal compounds. Presentation titled: *A model for the development of new phytopreparations to reverse deterioration of human intestinal micro flora.*
- In 1999, invented an entirely new form of flower essence extraction which captures an unprecedented amount of bio-energy from living flowers which can be applied therapeutically to displace negative subconscious mind patterning, attitudes, and behaviors. This “FlorAlive UNCUT flower™ extraction process” received two US patents in 2000 and 2001. International patents are also granted. FlorAlive® essences are now being used by leading holistic physicians as a much more advanced method (as compared to Bach flower essences) to shift the unconscious mind to a more positive outlook.
